Purchase Garrison
Weatherboard,
get the first Dulux[®]
top coat free!

The Smarter Way to Weatherboard

We've partnered with our good friends at Dulux® and PlaceMakers to deliver a premium, pre-finished system designed to save time, improve performance, and deliver a better finish from day one.

For a limited time, when you purchase the Garrison First Top Coat Weatherboard system, you'll receive a factory-applied Dulux Weathershield® top coat in Dulux® Southern Alps at no extra cost.

That's a Dulux® \$4,000* Coating, absolutely free!

*Based on an estimated trade price of 1281 lm per order.

Why choose Garrison First Top Coat?

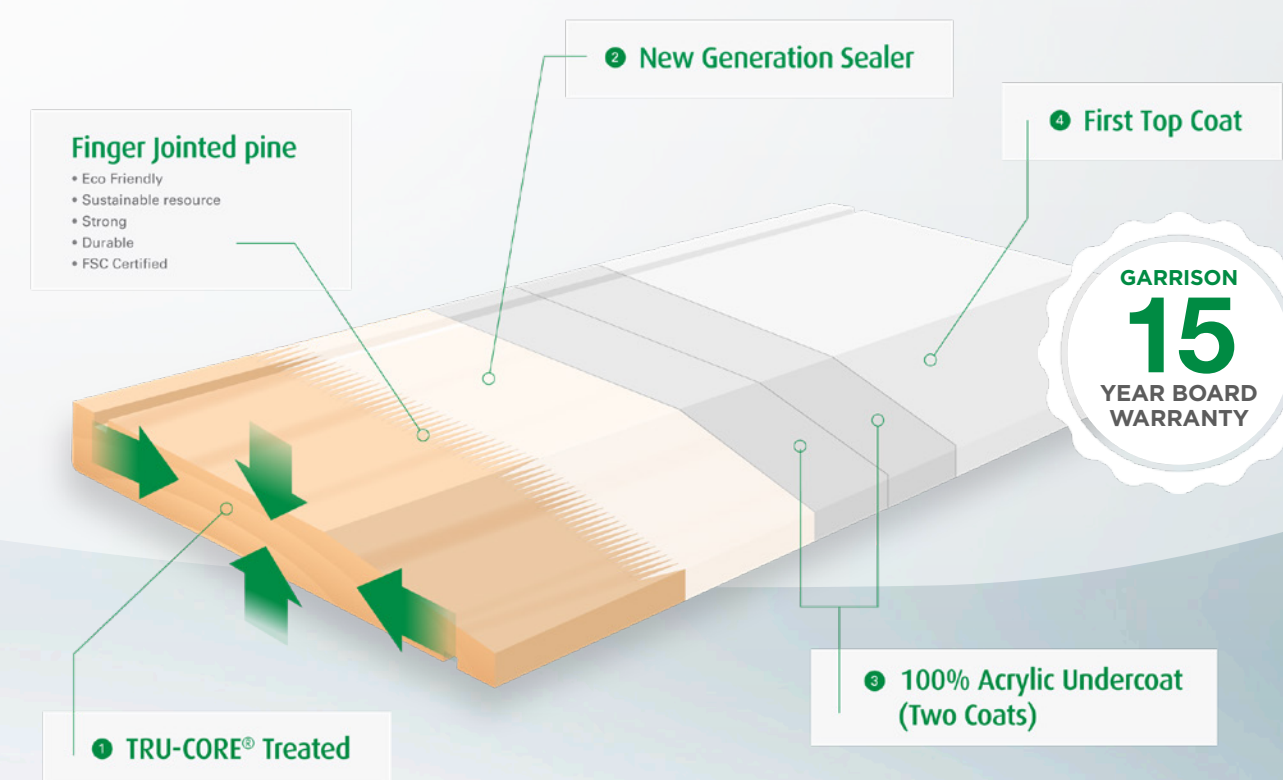

- **Factory first-colour coated.** Consistent, professional finish before it leaves the factory.
- **Premium finish.** Dulux Weathershield® applied under controlled conditions for lasting performance.
- **Fewer site painting weather delays.** Faster finishing coat application and less scaffold cost.
- **No shrinkage risk.** Full face and bottom edge factory coat.
- **Longer paint system lifespan.** Better protection, less maintenance over time.
- **Combined warranty.** Claymark and Dulux® quality is backed by industry-leading guarantees.

To get the best performance and warranty coverage:

- Keep boards dry and store indoors undercover.
- Leave slip sheeting in place until installation to prevent boards sticking together.
- Follow Claymark's recommended nailing and installation details.
- Seal nail holes with Dulux® 1Step Oil Based primer or use Boss UltraPoxy filler for efficiency.
- Avoid over-sanding around filled areas; feather edges carefully.
- Apply final coats as soon as possible after installation matching Dulux® recommended spread rates.
- Do not apply sealants to board laps; allow natural movement.
- Wash annually with a soft brush and mild detergent. Avoid waterblasting or bleach.

Built for Performance: The Garrison First Top Coat System

Garrison's four protection barriers ensure your weatherboard lasts a lifetime*. The water-based, eco-friendly Tru-Core® treatment penetrates deep to the core for proven durability in New Zealand conditions.

Experience Claymark's Triple Protected Treatment. Unlike anything else in the market, three barriers of protection ensures your Garrison weatherboard lasts a lifetime.* This waterbased, eco-friendly treatment penetrates right to the core and has a proven history of performance.

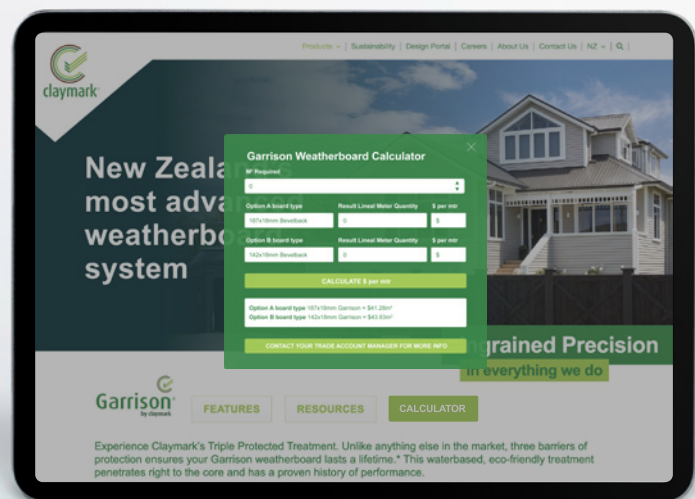

How to Order.

1. Pre order early as stock is limited. Maximum customer order is 5 packs.
2. Select your width. Both Garrison widths are included in this promo.
3. Talk to your PlaceMakers Trade Rep to secure your allocation.
